Tuesday 16th May 2017

Dear Parent/Carer,

We have been made aware of several parking issues on the Fairlea & The Fairway. This letter is sent in the spirit of reminding parents/carers about how to park safely and legally, thus reducing the risk of harm to your children.

Although there are currently no parking restrictions in place, there are a number of stipulations set out in law which must be observed. Some of the offending which we have been told about, and witnessed ourselves, includes:

- Parking or waiting within 10 metres of the centre of a junction or crossing (on either side of the road)
- Parking with 4 wheels on a verge or path
- Double parking
- Parking with 2 wheels on the pavement and not leaving enough room for wheelchair/buggy access

The above is by no means an exhaustive list of parking offences, and parents/carers are reminded to be careful and considerate when parking at school times. The pavement is a particularly important issue as children are taught that a pavement is a safe place to be, so blocking the path and forcing them to walk in the road compromises efforts to teach children about road safety.

May we also take this opportunity to remind you the safety of school children is everyone's responsibility.

Maidenhead South Neighbourhood Team is committed to reducing the risk to your children when they enter and leave school, and as such when we witness parking offences (including those above) they will be dealt with robustly. Road Traffic legislation is designed to prevent harm to road users and there really is no excuse for breaking the law, particularly with the measures the school have in place to assist you in dropping off or picking up your children.

Please do not hesitate you get in touch with any queries, or indeed if you witness any offending yourself.

Maidenhead South Neighbourhood Policing Team
